You have more than a vote. **Contribute** to Australia's future.

Middle:

You care about issues...
Are passionate about our nation's future...
And, believe in the collective power of the human spirit.

You seek authenticity, connection & resolutions to issues that matter,
and that affect us all...

So do we.

We believe in...

A Fair Go For All

For the past 100 years, we've fought for a level playing field. A party for all Australians, many of the changes you know and enjoy, Labor has brought to life. Let's continue to make Australia a fair and thriving place to live and work.

Happier Employees & Sustainable Jobs

Pensions, unemployment benefits, the 38-hour week, superannuation, and Medicare are great achievements under the Labor Government. By choosing Labor, you're future-proofing the Australian workforce.

Giving You a Platform

This is more than votes, politicians and moral codes. We need people to take part in shaping Australia's prosperous future. Your ideas, perspectives and advocacy, are key to it all.

You decide how much you'd like to contribute. Attend the meetings in your area to discuss community and the bigger social issues... or stand up, as you feel called to.

Play an active role in policy development, in this country we're blessed to call our own.
